## **1 M2M SYSTEM RELEASE 3.2 INTRODUCTION**

Mark-to-Market (M2M) Release 3.2 is an online HUDweb application developed by the Office of Multifamily Housing Assistance Restructuring (OMHAR) for the permanent M2M Program to track properties assigned to Participating Administrative Entities (PAEs) and to analyze, monitor and report on the transactions relative to the renewal of expiring Section 8 contracts entered into the M2M Program.

### **1.1 M2M Program Goals and Objectives**

M2M Release 3.2 is part of a phased system implementation approach developed to support the Permanent M2M Program by facilitating data collection and report generation of the following:

- ◆ Critical dates tracking for M2M processes assigned to PAEs;
- ◆ Deal restructure plan forms submission and closing data;
- ◆ Reporting for PAE management;
- ◆ Monitoring and auditing tools for OMHAR; and
- ◆ Other information relevant to the M2M Program.

### **1.2 Business Functions**

Release 3.2 is designed to support M2M Program objectives by performing and centralizing the following functions:

- ◆ Tracking of assigned properties through the process or “pipeline” (tracking properties, assessment, due diligence, dates, etc.);
- ◆ Providing PAEs an online system to submit restructuring plan forms to OMHAR; and
- ◆ Reporting on the progress and performance of PAEs and their assigned properties.

Users of the M2M system include OMHAR (Headquarters (HQ) and field office levels); OMHAR’s PAEs, with whom OMHAR has executed agreements; and OMHAR’s support contractors.

### **1.3 System Requirements**

Release 3.2 uses browser-based technology to provide access via the World Wide Web. To access the system, a user must have access to the Internet

using an Internet Service Provider (ISP) and advanced browser software. Netscape Navigator 4.0 browser software or higher, or Internet Explorer 4.0 or higher is recommended.

As M2M Release 3.2 is a secure, web-based system that contains sensitive information, security registration is required prior to gaining access. Only after a user is successfully registered, added to the system, has received a User ID, assigned to a system group, and assigned property, can they access the system as a user. Further information on the M2M system's security may be found in **Section 2, M2M System Security**.

Working within a browser-based application, submission data will be transferred and processed through a modem. Higher speed modems and computer processing units (CPUs) load data or graphics more quickly on a user's screen.

OMHAR requires PAE Users to have the following hardware and software to access and operate M2M Release 3.2 and do business with OMHAR:

- ◆ Windows 95 or higher;
- ◆ Netscape Navigator 4.0 or higher, or Internet Explorer 4.0 or higher;
- ◆ MS Word, MS Excel – (saved in 95 version);
- ◆ Adobe Acrobat Reader;
- ◆ 486 Megahertz processor or higher;
- ◆ 16K megabyte memory or higher; and
- ◆ 33K modem or higher.

It is also expected that users of the M2M system have a basic understanding and proficiency in the use of computers, Windows, and web browsers.

## **1.4 Tips for Using the System (Before Getting Started)**

Functions that are standard throughout the M2M system are explained in more detail in the following subsections.

### **1.4.1 Case-Sensitivity Sign-On**

When signing onto the M2M system, it is necessary to note that user names and passwords are case-sensitive (i.e., whatever uppercase/lowercase convention is used to create User IDs and passwords, must be used to sign into the system).

### 1.4.2 Set Browser to Accept “Cookies”

Users must ensure that their browsers are set to “Accept All Cookies.” The following paragraphs provide instructions for Netscape and Internet Explorer users to set this feature:

Netscape 4.5 users: select “Edit” on Netscape’s tool bar; select “Preferences;” select “Advanced;” and in the Cookie section, click the radio button that reads “Accept All Cookies.”

Internet Explorer 4.0 users: select “View” on the top tool bar; select “Internet Options”, select “Advanced”, scroll down below “Security” to “Cookies” and ensure “Always Accept Cookies” is checked.

For all other browsers, go through the “Help” section to ensure the browser is set to accept all cookies.

### 1.4.3 Saving Changes

After adding or updating data on any screen, follow the directions on that screen to retain any changes made before proceeding to another screen. In browser-based applications, data will be lost when navigating to other pages if not saved.

### 1.4.4 Date Format

All dates must be entered in the MM/DD/YYYY format.

### 1.4.5 Error Messages

If an error message is encountered anywhere in the M2M system when navigating from one screen to the next, follow the instructions presented in the M2M Information/Error screen. If that does not resolve the problem, click the “Reload” button on Netscape’s toolbar to reload the page (as shown on the next page in Figure 1-1, Netscape Reload Button), or review the information last entered on the screen for accuracy.

Figure 1-1, Netscape Reload Button

If further technical assistance is needed, return to the Home screen and send an e-mail message through the link (located on the M2M home screen). Describe the question or problem in detail, and include a reply e-mail address (if different than the sender's), and name and telephone number of the contact person. A reply will be sent promptly.

## 2 M2M SYSTEM SECURITY

M2M is a part of HUD's Secure Systems. The M2M database contains sensitive data concerning HUD's portfolios and program participants. To access and use the M2M system, a PAE representative must have a valid User ID and password. Detailed instructions for registering to use the M2M system were provided by OMHAR HQ representatives, when the business agreement was executed.

There are two types of PAE users that are referenced in this document: **PAE System Coordinator** (Coordinator) and **PAE User** (User). Each user type will be further defined in **Section 2.1, PAE System Coordinator** and **Section 2.2, PAE User**, respectively.

### 2.1 PAE System Coordinator

Each PAE organization must assign one or more of its representatives to serve as a "**Coordinator**" (property assignor), in order to control which users have access to the M2M system and which of the PAE's assigned properties. Each PAE System Coordinator will assign users, as required, to perform the work contracted with OMHAR. Coordinators are also users of the system.

A PAE Coordinator is responsible for assigning properties to its PAE Users in Secured Systems, after they have been assigned by OMHAR. The Coordinator must register with Secured Systems at the Internet web site address: [https://entp.hud.gov/idapp/html/part\\_reg.htm](https://entp.hud.gov/idapp/html/part_reg.htm) prior to making the first property assignment.

 **Note:** To avoid potential conflicts of interest, the M2M PAE System Coordinator **MAY NOT** be a coordinator for another business entity or property owner.

After completing registration the Coordinator must assign properties to itself, at the following Secured Systems Internet web site address: [https://hudapps.hud.gov/HUD\\_Systems](https://hudapps.hud.gov/HUD_Systems). Click the underlined **Property Assignment Maintenance** link to be taken to the screen for assigning properties.

### 2.2 PAE User

A PAE User of the M2M system must register in HUD's Secured Systems at the [https://entp.hud.gov/idapp/html/part\\_reg.htm](https://entp.hud.gov/idapp/html/part_reg.htm) web site address, prior to using the M2M system.

After a PAE User has registered to use the M2M system, User sign-on IDs will be mailed to the director of the PAE agency, at its HUD-registered address.

User IDs should be received within two weeks. If the IDs are not received, have your Coordinator send an e-mail detailing which User IDs were not received and the name of your PAE organization. The e-mail address is: [m2minfo@hud.gov](mailto:m2minfo@hud.gov).

A PAE User, once assigned rights to properties (as assigned by the PAE System Coordinator), can perform the required functions to enter data, review status and run reports. A User has no rights to assign User access to the M2M system. A User depends on its Coordinator to provide access to the system and assign rights to access the M2M system and the assigned properties.

If Users require additional security-related assistance, send a detailed e-mail and a reply will be returned.

### 3 ACCESS TO THE M2M LOGIN SCREEN

The M2M home screen may be accessed by registered system users via the Internet. Each User must have their own valid User ID and password. The Internet URL is: [https://hudapps.hud.gov/HUD\\_Systems/](https://hudapps.hud.gov/HUD_Systems/).

#### 3.2 Login Procedures

Each User is prompted with a request for their User ID and password. Reminder: both the User ID and password are case-sensitive. Click the underlined Mark-to-Market (M2M) link on the list of HUD System Projects.

Any User that is unsuccessful in signing onto the system after several attempts, may need to have its password reset. Send a password reset request to the System Administrator via e-mail at: [m2minfo@hud.gov](mailto:m2minfo@hud.gov). This is not an immediate process, but will be addressed as soon as possible. Remember to include contact information (name, User ID, e-mail address (if different than sender's) and a brief explanation of the problem).

#### 3.2 Log Off Procedure

Because M2M Release 3.2 contains sensitive financial data, Users are requested to use the Log Off button  feature when exiting the system or when leaving your computer running for an extended period of time. If the log off button is not used, another User may be able to reopen your web browser and access system pages.

#### 3.3 Time Out Feature

M2M Release 3.2 has a "time-out" feature. After a period of 2 hours of inactivity, the User will be logged off the system and must go back to the Secured Systems log-in page to sign-in again.

## 4 M2M SYSTEM HOME SCREEN

Upon authentication from the server, the following home screen appears (Figure 4-1, M2M Home Screen):

Figure 4-1, M2M Home Screen

### 4.1 Critical Dates Tracking Module Button

The **Critical Dates Tracking** button provides access to the M2M properties assigned to a PAE User. Within this module, PAEs and OMHAR Users enter critical dates data in accordance with the predetermined M2M Program timeline for **Mortgage Restructuring**, **Rent Reduction Only without Mortgage Restructuring (Rent Reduction Only)**, and **Rent Comparability Review (Comp Review)** properties.

### 4.2 Restructuring Plans Module Button

The **Restructuring Plans** button provides Users with access to restructuring plan forms for M2M Program properties. Online forms are provided for properties going through the **Mortgage Restructuring** (Form 5.2, Part II.B Case Memorandum Term Sheet) and the **Rent Reduction Only** (Form 10.2 OMHAR Reduction of Rent and Section 8 Contract Renewal Justification) M2M Program options and must be submitted via the M2M system to OMHAR.

### 4.3 Reports Module Button

The **Reports** button gives Users access to the reports in the system.

### 4.4 E-Mail Link

The M2M system provides an **E-Mail** link on the home screen for Users of the system to send any questions or comments regarding the M2M system and problems or suggestions via Netscape's Messenger's e-mail format. Please be sure to include your name, a detailed narrative (if sending a question or if there is a problem), return e-mail address (if different from the sending address), contact name, and telephone number (including area code) to receive a timely reply.

♪ **Note:** Use Netscape's **Back** button to return to the M2M system after sending your e-mail message.

### 4.5 Other HUDweb sites

Other useful HUDweb sites (such as HUD's home screen) are listed at the bottom of the screen. Click on an underlined link to visit a HUDweb site.

♪ **Note:** You will be exiting the M2M system if you click one of the external HUD links. Use Netscape's **Back** button on the toolbar to return to the M2M system.

## 5 GENERAL INFORMATION ABOUT THE M2M PROCESS, TARGET DATES, AND DATA ENTRY

M2M Release 3.2 allows Users to input and record dates critical to the M2M Program process, to input and submit restructuring plan forms data, and to perform other functions pertinent to the M2M Program. Property and management reports summarize the status and progress for M2M Program properties in order to assist in the management of assigned portfolios.

A data entry screen is included within the **Critical Dates Tracking** module to record critical dates for each property in the M2M system. Each of these data entry screens were designed to reflect the actual dates (and in addition, “target” dates for Mortgage Restructuring properties) within the execution of a M2M Program process. A M2M renewal option is one of three types:

1. **Mortgage Restructuring**—Renewal with mortgage restructuring;
2. **Rent Reduction Only**—Renewal with rent reduction and no debt restructuring (also referred to as OMHAR Lite); and
3. **Comp Review**—An owner declares its rents are below market and HUD's field office has requested a third party rent comparability review to determine market rents.

It is imperative that attention to detail be paid when entering data in the **Critical Dates Tracking** and the **Restructuring Plans** modules. Reports use this data to determine the progress and performance of the PAEs, Regional Offices, and OMHAR.

♪ **Note:** Inaccurate or incomplete data may misrepresent the progress (or lack thereof) of a property and associated contract throughout the M2M program.

Once a PAE User accepts a property assignment, “target dates” on the **Critical Dates Tracking** screen are automatically calculated and displayed for properties that have the Mortgage Restructuring program option. Although these dates **cannot** be changed (even with a Section 8 contract extension), there are comment boxes next to each date to capture any pertinent information relative to that target critical date. These pre-calculated date fields are projections based on the timeline outlined in the **M2M Program Operating Procedures Guide**. This timeline is a seven month turnaround from acceptance to closing.

If there are missing dates in, or prior to, the **Assignment/Assessment Phase** (e.g., **Field Office Refers to OMHAR**), please contact your OMHAR field office to have them enter or update these data fields).

Attention to detail must also be paid when entering, saving, and submitting Restructuring Plans Forms data. Data in certain fields in the **Restructuring Plans** module are **read-only** from HUD's Real Estate Management System (REMS) or are **system-calculated**. PAE Users will have an opportunity to enter any necessary corrections or fill-in missing data in **Data Entry/ PAE Corrections** fields next to the read-only fields. Users **will not** be able to update read-only data. Again, comment boxes are available to record any pertinent information related.

Additional detailed information concerning the Critical Dates Tracking and Restructuring Plans modules may be found in **Section 6, Critical Dates Tracking Module** and in **Section 7, Restructuring Plans Module**, respectively.

## 6 CRITICAL DATES TRACKING MODULE

The Critical Dates Tracking module is accessed by clicking the **Critical Dates Tracking** module button on M2M's home screen.

Clicking **Critical Dates Tracking** button retrieves a search selection criteria page, as shown below as Figure 6-1, Select Search Criteria:

The screenshot shows a web application interface. On the left is a blue sidebar with the M2M logo at the top, followed by the date 'November 17, 1999'. Below the date are two buttons: 'Restructuring Plans' and 'Reports'. Further down is a small icon of a mailbox and the text 'Click on the mailbox to E-mail your comments and suggestions.' The main content area is white. At the top of this area are three buttons: 'Home', 'Back', and 'Log Off'. Below these is the title 'Select Search Criteria for Critical Dates Tracking' underlined. The text 'Please Select State Name or Property ID:' is followed by a 'State:' label and a dropdown menu. Below this is the word 'Or' and a 'Property ID:' label followed by a text input field. At the bottom of the input section are 'Continue' and 'Clear' buttons. Below these buttons is the text 'Or click HERE to get ALL properties.' At the very bottom of the page is a horizontal line followed by a series of links: 'M2Web: Housing | M2Web: Help | M2Web: Search | M2Web: Home | Privacy |'.

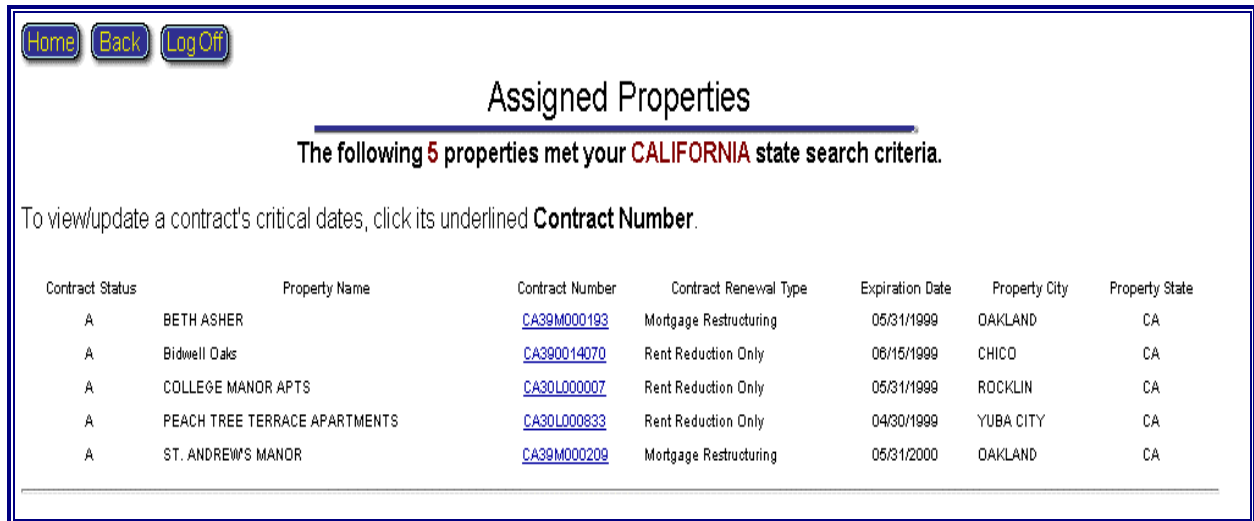

Figure 6-1, Select Search Criteria

There are three options available to retrieve properties for the **Critical Dates Tracking** module:

- ◆ Select a **state** from the drop-down list;
- ◆ Enter a **Property ID**; or
- ◆ Click the underlined **HERE** link to retrieve all properties in the system (assigned to your ID).

### 6.1 Assigned Properties Screen

The **Assigned Properties** screen (shown on the next page as Figure 6-2, Assigned Properties) will be returned once the search is performed (based on the criteria on the Select Search page).

Contract Status	Property Name	Contract Number	Contract Renewal Type	Expiration Date	Property City	Property State
A	BETH ASHER	<a href="#">CA39M000193</a>	Mortgage Restructuring	05/31/1999	OAKLAND	CA

A	ST. ANDREW'S MANOR	<a href="#">CA39M000209</a>	Mortgage Restructuring	05/31/2000	OAKLAND	CA

Figure 6-2, Assigned Properties

Each PAE User will see their assigned portfolio of properties (based on the criteria in the search). If a PAE User has been assigned a property which is not included in the search results (again, depending upon the search criteria), the PAE User should check with its PAE System Coordinator to ensure the property assignment has been made in Secured Systems. If the Coordinator does not have access to the property to assign it, the Coordinator should notify its OMHAR field office or OMHAR HQ of the discrepancy to obtain a resolution.

## 6.2 Contract Number Link

The Assigned Properties screen displays all assigned properties and pertinent information. The highlighted contract number [FL29M000113](#) as a link to access the Critical Dates Tracking module.

Select and click the underlined contract link to retrieve a Critical Dates Tracking screen to enter or view the critical dates related to that property. The contract highlighted will be the first expiring contract for the property. The resulting screen is the Critical Dates Tracking screen (discussed in the next section).

## 6.3 Critical Dates Tracking Screen

After a contract link is selected, a Critical Dates Tracking screen is retrieved (based on the property's M2M renewal option type). Figure 6-3, Mortgage Restructuring Critical Dates Screen, on the next page, provides an example of a Critical Dates Tracking screen for a property with a Mortgage Restructuring renewal option (with Target Dates). The Critical Dates Tracking screens vary depending upon the M2M renewal type.

### 6.3.2 Target Dates

M2M generates “target dates” for dates in the Mortgage Restructuring renewal process only. Target dates are generated once the PAE Accepts Assignment field is populated and the dates follow M2M Program’s predetermined timeline. Once generated, these dates cannot be revised. In addition, once an “actual” critical date is entered, M2M will display the delta between the Target Date and the Actual Date the M2M Program task was performed (as recorded by the PAE User). The target dates are based on the Operating Procedures Guide target dates for a seven month turnaround from acceptance of assignment to closing.

### 6.3.2 Critical Dates Data Entry

All Critical Dates data entry boxes applicable to the PAE or OMHAR User may only be entered or updated by the appropriate user type. For example, PAE Users have the ability to enter or update PAE-related date fields, such as PAE’s Appraisal Complete. OMHAR Users only have the ability to read the data the PAE entered. The same holds true in reverse for the PAE User, i.e., PAEs may only read OMHAR fields, but not update or edit them.

The following Mortgage Restructuring critical date fields are system-generated and therefore cannot be edited by Users: Section 8 Contract Expires, Extended Section 8 Contract Expiration Date, Field Office Receives Intent to Renew from Owner, Field Office Refers to OMHAR, OMHAR Initial Assignment, PAE Accepts Assignment, If Conforming, OMHAR Approves Restructuring Plan (or If Conforming, OMHAR Disapproves Restructuring Plan), and If Non-Conforming, OMHAR Approves Restructuring Plan (or If Non-Conforming, OMHAR Disapproves Restructuring Plan).

The following eight Rent Reduction Only critical date fields are system-generated and cannot be edited: Section 8 Contract Expires, Extended Section 8 Contract Expiration Date, Field Office Receives Request for Rent Reduction from Owner, Field Office Refers to OMHAR, OMHAR Initial Assignment, PAE Submits Form 10.2 to OMHAR, OMHAR Approves PAEs Form 10.2 (or OMHAR Disapproves PAEs Form 10.2).

The following Comp Review critical dates fields are also system-generated and uneditable: Section 8 Contract Expires, Extended Section 8 Contract Expiration Date, Field Office Receives Intent to Renew from Owner, Field Office Refers to OMHAR, and OMHAR Initial Assignment.

Comments relative to tasks/dates may be recorded in the M2M system and are encouraged. Click on the “C” button next to a critical date to enter comments (in a pop-up box) related to a specific date or phase. Only the User allowed to enter that date field may update the associated comment boxes; however, comments

may be viewed by all. Figure 6-4, Comment Fields, is an excerpt of a **Mortgage Restructuring Critical Dates Tracking** screen with highlighted comment boxes.

Figure 6-4, Comment Fields

When the target date is not met for a critical date, it is expected that the PAE and/or OMHAR Users will provide an explanation in the comment box next to the missed target date.

On the **Mortgage Restructuring Critical Dates Tracking** screen (only) there is a yellow timeline that shows at a glance, the guidelines for completing phases and tasks (in accordance to the timeframes in the M2M Operating Procedures Guide).

All dates must be entered in the **MM/DD/YYYY** format. The **Save** button must be selected once the updates or changes are verified.

### 6.3.3 Critical Dates Reporting

Data entered in the Critical Dates Tracking module is used to generate certain M2M reports.

 **Note:** Careful attention to detail must be paid when entering dates on the Critical Dates Tracking screen. Updates are made to the system's database once the User saves the changes. It is **strongly suggested** you review the data for accuracy before **and** after selecting the Save button.

A message displayed confirming changes were saved if the data was entered in the correct format.

There are additional comment buttons at the bottom of the screen for use by the PAE and OMHAR Users, respectively.

If an action other than a closing occurred on a Mortgage Restructuring contract, there is a date and comment box available at the bottom of the screen

Date Action Other than Closing Occurred:

## 7 RESTRUCTURING PLANS MODULE

The Restructuring Plans module is accessed by selecting the **Restructuring Plans** button from M2M's home screen. There are links at the bottom of the **Mortgage Restructuring** and **Rent Reduction Only Critical Dates Tracking** screens to the associated property's restructuring plan form.

Within this module are data entry screens on which, PAE Users may enter data to populate the restructuring plan forms that must be electronically submitted (via M2M) to OMHAR for review and approval. A hardcopy of the restructuring plan form must be retained (select the **Printable Form** button).

♪ **Note:** These restructuring plan forms are only one part of the **Draft Restructuring Plans and Subsidy Recommendations** that must be submitted to OMHAR for approval.

Each type of restructuring plan form (**Form 5.2** and **Form 10.2**) has its own menu selections, specific to the data that must be collected to generate a form. Additional detail may be found in **Section 7.2 Mortgage Restructuring Plan Forms** and **Section 7.3 Rent Reduction Only Plan Forms**, respectively.

Figure 7-1, Restructuring Plans Search Criteria Screen, provides an example of a screen that will be retrieved when the Restructuring Plans module button is clicked. The button may be found on M2M's home page and on the menu bar within other modules.

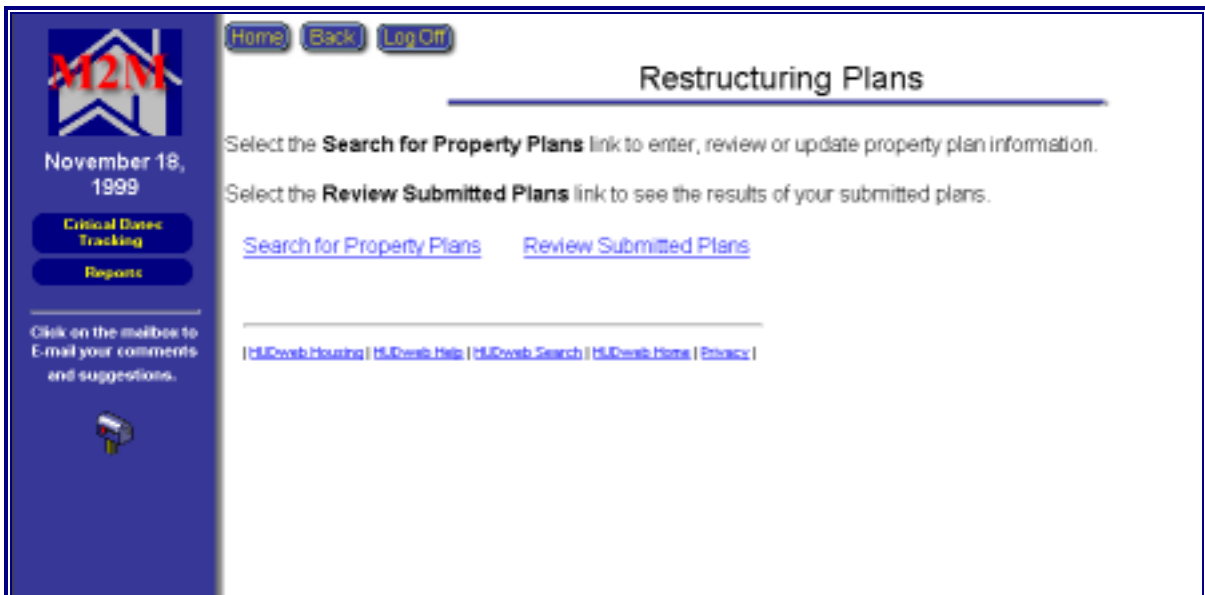

Figure 7-1, Restructuring Plans Search Criteria Screen

PAE Users may search for **Restructuring Plan Forms** by clicking the **Search for Property Plans** link and select a state from the drop-down list, enter a Property

ID, or selecting a link to retrieve all properties (based on the properties assigned to the PAE User).

## 7.1 Restructuring Plans General Information

Figure 7-2, Restructuring Plans Property Selection Screen, represents the results from the **Restructuring Plans Search Criteria** for a specific PAE (PAEs may not view plans assigned to other PAEs).

Assigned Properties

The following 5 properties met your **CALIFORNIA** state search criteria.

To view/update a contract's restructuring plan, click its underlined **Contract Number**.  
**Note:** You will only be able to update or save data for plans with a **Not Submitted** or **Disapproved** Approval Status.

Figure 7-2, Restructuring Plans Property Selection Screen

**Note:** Included in the search results page is an **Approval Status** column for each property. You will only be able to update and save data to restructuring plan forms that have a **Pending**, **Not Submitted**, or **Disapproved** approval status.

Click an underlined contract number link to access the Restructuring Plans section. If a property has completed the M2M process, it is "closed" (as indicated by a "C" in the **Contract Status** column) or if the restructuring plan form is **Pending** or has been **Approved**, the User will only be allowed to **view** or **print** the restructuring plan form.

### 7.1.1 Data Entry/PAE Corrections

PAE Users are encouraged to review the displayed property and loan data retrieved from REMS and to update any incorrect data or enter any omitted data in the **Data Entry/PAE Corrections** fields located next to the REMS read-only fields (as shown in Figure 7-3, Data Entry/ PAE Corrections Fields).

	REMS		Data Entry/PAE Corrections

### 7.1.2 Negative Data Entry Fields

Within the Restructuring Plans module, there are fields that have red **negative number indicators** outside their data entry boxes (e.g., as represented below in the **Residential Bad Debt** and **Residential Vacancy** fields shown in Figure 7-4, Negative Field Indicators). The User is directed to enter **positive** numbers in these fields, as the system is programmed to **subtract** these values in calculations, where applicable.

Figure 7-4, Negative Field Indicators

### 7.1.3 Navigating the Restructuring Plans Sections

Users may quickly “**jump**” to another section within the Restructuring Plans module by clicking one of the buttons on the menu bar located on the left side of the screen. It is important to know that the PAE should save before jumping to a different page in order to retain the data entered. Clicking the **Critical Dates Tracking** button will take the User to the Critical Dates Tracking form for the current property. In addition, the User may print a hardcopy of the restructuring plan form, by clicking the **Printable Form** button at any time. Figure 7-5, Restructuring Plan Menu Bar, shows an example of the Restructuring Plans menu bar.

## 7.2 Mortgage Restructuring Plan Forms

The following subsections provide additional information on the data that is required to populate and generate Form 5.2 Mortgage Restructuring Plan. Figure 7-6, Form 5.2 Mortgage Restructuring, provides an example of the main Mortgage Restructuring main screen.

It links to the following subsections:

- ◆ Property & Loan Information Term Sheet;
- ◆ Property Operating Statement;
- ◆ Debt Restructuring;
- ◆ Sources and Uses; and
- ◆ Submit Restructuring Plan to OMHAR.

The PAE is responsible for entering the data and selecting the “**submit**” button to lock the data and notify OMHAR of the submission. This process is covered in detail in Section 7-4, Submitting Restructuring Plan Forms for Review and Approval. Also, the PAE must mail in the full submission documentation. OMHAR is responsible for approving or disapproving (sending back for revision) the submitted documentation and via the M2M system.

The screenshot shows the M2M Restructuring Plans interface. On the left is a blue sidebar with the M2M logo, the date August 16, 1999, and buttons for 'Critical Dates Tracking' and 'Reports'. Below these is a mailbox icon and text: 'Click on the mailbox to E-mail your comments and suggestions.' The main content area has a top navigation bar with 'Home', 'Back', and 'Log Off' buttons. The title is 'Restructuring Plans' with the subtitle 'Form 5.2 Mortgage Restructuring'. Below this, the 'Property ID' is 800000170 and the 'Property Name' is BRADLEY PARK. A bulleted list of links is provided: 'Property & Loan Information Term Sheet', 'Property Operating Statement', 'Debt Restructuring', 'Sources and Uses', and 'Submit Restructuring Plan to OMHAR'. At the bottom of the main area is a footer with links: 'HUDweb Housing', 'HUDweb Help', 'HUDweb Search', 'HUDweb Home', and 'Privacy'.

## 7.2.2 Property Operating Statement

The **Property Operating Statement** contains pre- and post-restructuring revenue and expenses financial data (REMS read-only displays, PAE User entries, or system-calculated). The Property Operating Statement consists of the following subsections:

- ◆ **Annual Revenue**;
- ◆ **Annual Expenses**; and
- ◆ **Net Operating Income** (including Adjusted NOI and DSCR).

Figure 7-8, Property Operating Statement (on the next page), provides a representation of an operating statement data entry screen for a specific property.

## 7.2.3 Debt Restructuring

The **Debt Restructuring** screen consists of the pre- and post-restructuring financial data and terms for the restructured mortgage(s), e.g., originator, original loan amount, interest rate, etc. The following is an excerpt of the Debt Restructuring screen for the **First Mortgage** (Figure 7-9, Debt Restructuring).

### 7.3 Rent Reduction Only Plan Forms

The following subsections provide additional information on the data that is required to populate and generate **10.2 Rent Reduction Only Restructuring Plan Forms**. Figure 7-11, Rent Reduction Only, provides an example of the main Rent Reduction Only Restructuring Plans main screen. It contains links to the following subsections:

- ◆ Property & Loan Information Term Sheet;
- ◆ Property Operating Statement;
- ◆ Refinancing Sheet; and
- ◆ Submit Restructuring Plan to OMHAR.

The screenshot shows the M2M Restructuring Plans Form 10.2 Rent Reduction Only. The interface includes a sidebar on the left with the M2M logo, the date August 18, 1999, and buttons for Critical Dates Tracking and Reports. The main content area displays the title 'Restructuring Plans' and 'Form 10.2 Rent Reduction Only'. It shows the Property ID as 800004331 and the Property Name as OAKWOOD TERRACE I. Below this, there are four links: Property & Loan Information Term Sheet, Property Operating Statement, Refinancing Sheet, and Submit Restructuring Plan to OMHAR. At the bottom, there is a footer with links to HUDweb Housing, HUDweb Help, HUDweb Search, HUDweb Home, and Privacy.

Figure 7-11, Form 10.2 Rent Reduction Only

There are two major categories of data entry that will be used to populate a property's Rent Reduction Only Restructuring Plan Form 10.2:

- ◆ Property & Loan Information Term Sheet; and
- ◆ Property Operating Statement.

#### 7.3.2 Property & Loan Information Term Sheet

The **Property & Loan Information Term Sheet's** contents were covered in Section 7.2.1, Property & Loan Information Term Sheet; however, it is important to note that there are some fields that are different on Form 5.2, Mortgage Restructuring.

### 7.3.2 Property Operating Statement

Refer to Section 7.2.3, Property Operating Statement to note the content of this screen. Again, there are some fields in Form 5.2, that are not in the Rent Reduction Only form.

### 7.3.3 Refinancing

If refinancing the existing mortgage is involved for the property, click the **Refinancing Sheet** button to go to the refinancing section, as represented in Figure 7-12, Refinancing Sheet.

**Note:** A property undergoing a debt restructuring is designated as a Mortgage Restructuring and is covered in Section, 7.2, Mortgage Restructuring Forms.

## 8 REPORTS MODULE

The **Reports** module is accessed by selecting the **Reports** button from M2M's home screen. It is a summarization of the data entered in the **Critical Dates Tracking** screens and are management tracking tools to view the overall status of where the assigned properties are in the restructuring process.

**Property and Reports Selection**

**Management Reports**

The [Assigned Active Properties Report](#) is a list of all of the current M2M Program properties, the assigned PAE, and the M2M Program phase in which each property resides.

The [Submitted Plans Awaiting Decision Report](#) contains a listing of all of the current restructuring plans submitted by PAEs that do not have an "Approved" status and are awaiting decision from OMHAR.

The [Property Status Report](#) is a property by property overview of a user's active, PAE-assigned contract properties. This is similar to the critical dates tracking screen.

**Progress Reports**

The [Rent Comparability Review Progress Report](#) details the progress and status of the active M2M Program Rent Comparability Review properties currently assigned to PAEs. It details the referral and acceptance dates, the dates review results were submitted to OMHAR and the date OMHAR approves the results.

The [Rent Reduction Only Progress Report](#) details the progress and status of the active M2M Program Rent Reduction Only properties currently assigned to PAEs. It details the referral and acceptance dates, the dates the PAE executes M2M Program tasks, and the dates the Rent Reduction Only Restructuring Plan (Form 10.2, OMHAR Reduction of Rent and Section 8 Contract Renewal Justification) was submitted to OMHAR and the date OMHAR issues a decision on submitted plans.

The [Mortgage Restructuring Progress Report](#) details the progress and status of the active Mortgage Restructuring properties currently assigned to PAEs. Figure 8-1, Property and Report Selection Screen

Only **active** properties in the M2M Program that are assigned to, and accepted by, a PAE appear in M2M's Reports. In addition, there is specific criteria for each report, e.g., for the **Property Status Report**, only properties that have at least one critical date entered into the system are included on the report. The **Property and Report Selection** page is shown as Figure 8-1, Property and Report Selection Screen:

♪ **Note:** Reports with an asterisk (\*) must be printed in landscape mode on legal-sized paper.

## **8.1 Property and Report Selection**

The **Reports** module allows users to generate the following six reports:

- ◆ Assigned Active Properties Report;
- ◆ Submitted Plans Awaiting Decision Report;
- ◆ Property Status Report;
- ◆ Rent Comparability Review Progress Report;
- ◆ Rent Reduction Only Progress Report; and
- ◆ Mortgage Restructuring Progress Report.

To view a report, click the associated **underlined link** (or scroll down to the report selection box). Reports may be viewed on-screen, printed, or downloaded and saved in an electronic format.

### **To save a downloadable version of a report:**

1. Click the Downloadable link for the respective report.
2. Click the "Save File..." button and name the file a name with a ".csv" extension (e.g., "testrept.csv").
3. Open application of choice (e.g., Microsoft Excel) and the saved file.
4. The file may be resaved in the format of the application.

## **8.2 Assigned Active Properties Report**

The **Assigned Active Properties Report** (Figure 8-2, Assigned Active Properties Report on the next page) contains a listing of all of the current M2M Program properties, the PAE to which each property is assigned, and the M2M Program phase in which each property resides.
